THE UPPER ROOM

AN A-MAZE-ING CHALLENGE

by Guy Belleranti

We know that Jesus told us to love our enemies (see Matthew 5:44). But, let's face it, sometimes that's an amazing challenge! Solve the puzzle for a few ideas to help make it possible.

First, make your way through the word maze by connecting the word *LOVE* twelve times. You may move forward, backward, up, down or diagonally, but no

LOVE can be connected more than once.

Second, print the leftover words from top to bottom, left to right in the blanks to find some ways to love your enemies. ■
